Early Human Development 45 (1996) 289-291

Early
Human
Development

Subject index

Volume 45 (1996)

Aboriginal: Sudden infant death syndrome; Case-control study; Multivariate analysis **45**, 235

Adverse effects: Prenatal ultrasonography; Fetal growth **45**, 203

Allometric analysis: Development; Human fetus; Long bone measurements **45**, 11

Asymmetric fetal growth: Intrauterine growth retardation; Small for gestational age; Ultrasound; Fetus **45**, 1

Auditory brainstem response: Infants; Gestational age; Laterality; Gender; Stimulus presentation rate **45**, 215

Autonomic assessment: Deep breath vasoconstriction reflex; Newborn **45**, 55

Bed sharing: Sudden infant death (SIDS); Ethnic differences; Smoking; Prone sleeping; Breast feeding **45**, 119

Bloodspot: Phenylalanine; Newborn screening; Calibrators; Standardisation **45**, 277

Bloodspot: Thyrotropin (TSH); Newborn screening; Standardization **45**, 179

Bottle feeding: Sucking action; Chewing type bottle teat; Electromyograph; Development; Masseter muscle **45**, 83

Breast feeding: Sudden infant death (SIDS); Ethnic differences; Smoking; Bed sharing; Prone sleeping **45**, 119

Breastfeeding: Caesarean section; Cortisol; Oxytocin; Prolactin **45**, 103

Caesarean section: Breastfeeding; Cortisol; Oxytocin; Prolactin **45**, 103

Calcium: 25-Hydroxyvitamin D₃; 1,25-Dihydroxyvitamin D; Parathyroid hormone **45**, 27

Calibrators: Phenylalanine; Newborn screening; Bloodspot; Standardisation **45**, 277

Case-control study: Sudden infant death syndrome; Aboriginal; Multivariate analysis **45**, 235

Cell adhesion molecule: L1; Fibronectin domain; Immunohistochemistry; Development; Human brain **45**, 93

Chewing type bottle teat: Sucking action; Bottle feeding; Electromyograph; Development; Masseter muscle **45**, 83

Child: Fetus; Growth; Infant; Pregnancy; Smoking **45**, 245

Cortisol: Breastfeeding; Caesarean section; Oxytocin; Prolactin **45**, 103

Cost-effectiveness: Hemoglobinopathies; Neonatal screening; Sickle cell anemia **45**, 257

Deep breath vasoconstriction reflex: Autonomic assessment; Newborn **45**, 55

Development: Cell adhesion molecule; L1; Fibronectin domain; Immunohistochemistry; Human brain **45**, 93

Development: Human fetus; Long bone measurements; Allometric analysis **45**, 11

Development: Neuromotor test; Reliability; High-risk infant **45**, 191

Development: Sucking action; Bottle feeding; Chewing type bottle teat; Electromyograph; Masseter muscle **45**, 83

1,25-Dihydroxyvitamin D: 25-Hydroxyvitamin D₃; Calcium; Parathyroid hormone **45**, 27

Eclabium: Harlequin fetus; Ichthyosis; Ectropion **45**, 229

Ectropion: Harlequin fetus; Ichthyosis; Eclabium **45**, 229

Electromyograph: Sucking action; Bottle feeding; Chewing type bottle teat; Development; Masseter muscle **45**, 83

Electroretinogram; Long chain polyunsaturated fatty acids (LCPUFAs); Preterm infant; Vision 45, 35

Ethnic differences; Sudden infant death (SIDS); Smoking; Bed sharing; Prone sleeping; Breast feeding 45, 119

Fetal growth; Prenatal ultrasonography; Adverse effects 45, 203

Fetal larynx; Fetal phonation; Fetal respiration; Fetal venous duct 45, 63

Fetal phonation; Fetal respiration; Fetal larynx; Fetal venous duct 45, 63

Fetal respiration; Fetal phonation; Fetal larynx; Fetal venous duct 45, 63

Fetal venous duct; Fetal phonation; Fetal respiration; Fetal larynx 45, 63

Fetus; Child; Growth; Infant; Pregnancy; Smoking 45, 245

Fetus; Intrauterine growth retardation; Small for gestational age; Asymmetric fetal growth; Ultrasound 45, 1

Fibronectin domain; Cell adhesion molecule; L1; Immunohistochemistry; Development; Human brain 45, 93

Gender; Auditory brainstem response; Infants; Gestational age; Laterality; Stimulus presentation rate 45, 215

Gestational age; Auditory brainstem response; Infants; Laterality; Gender; Stimulus presentation rate 45, 215

Growth; Child; Fetus; Infant; Pregnancy; Smoking 45, 245

Harlequin fetus; Ichthyosis; Ectropion; Eclabium 45, 229

Hearing screening devices; Transient evoked otoacoustic emissions (TEOAE); Newborn hearing screening 45, 171

Hemoglobinopathies; Neonatal screening; Cost-effectiveness; Sickle cell anemia 45, 257

High-risk infant; Neuromotor test; Reliability; Development 45, 191

Human brain; Cell adhesion molecule; L1; Fibronectin domain; Immunohistochemistry; Development 45, 93

Human fetus; Development; Long bone measurements; Allometric analysis 45, 11

25-Hydroxyvitamin D₃; 1,25-Dihydroxyvitamin D; Calcium; Parathyroid hormone 45, 27

Ichthyosis; Harlequin fetus; Ectropion; Eclabium 45, 229

Immunohistochemistry; Cell adhesion molecule; L1; Fibronectin domain; Development; Human brain 45, 93

Infant; Child; Fetus; Growth; Pregnancy; Smoking 45, 245

Infants; Auditory brainstem response; Gestational age; Laterality; Gender; Stimulus presentation rate 45, 215

Intrauterine growth retardation; Small for gestational age; Asymmetric fetal growth; Ultrasound; Fetus 45, 1

L1; Cell adhesion molecule; Fibronectin domain; Immunohistochemistry; Development; Human brain 45, 93

Laterality; Auditory brainstem response; Infants; Gestational age; Gender; Stimulus presentation rate 45, 215

Linear acuity; Visual ability; Perceptual motor ability; Stereopsis; Preterm infant 45, 73

Long bone measurements; Development; Human fetus; Allometric analysis 45, 11

Long chain polyunsaturated fatty acids (LCPUFAs); Preterm infant; Vision; Electroretinogram 45, 35

Masseter muscle; Sucking action; Bottle feeding; Chewing type bottle teat; Electromyograph; Development 45, 83

Multivariate analysis; Sudden infant death syndrome; Aboriginal; Case-control study 45, 235

Neonatal screening; Hemoglobinopathies; Cost-effectiveness; Sickle cell anemia 45, 257

Neuromotor test; Reliability; High-risk infant; Development 45, 191

Newborn; Deep breath vasoconstriction reflex; Autonomic assessment 45, 55

Newborn hearing screening; Transient evoked otoacoustic emissions (TEOAE); Hearing screening devices 45, 171

Newborn screening; Phenylalanine; Bloodspot; Calibrators; Standardisation 45, 277

Newborn screening; Thyrotropin (TSH); Bloodspot; Standardization 45, 179

Oxytocin; Breastfeeding; Caesarean section; Cortisol; Prolactin 45, 103

Parathyroid hormone; 25-Hydroxyvitamin D; 1,25-Dihydroxyvitamin D; Calcium **45**, 27

Perceptual motor ability; Visual ability; Stereopsis; Linear acuity; Preterm infant **45**, 73

Phenylalanine; Newborn screening; Bloodspot; Calibrators; Standardisation **45**, 277

Pregnancy; Child; Fetus; Growth; Infant; Smoking **45**, 245

Prenatal ultrasonography; Adverse effects; Fetal growth **45**, 203

Preterm infant; Long chain polyunsaturated fatty acids (LCPUFAs); Vision; Electrotretinogram **45**, 35

Preterm infant; Visual ability; Perceptual motor ability; Stereopsis; Linear acuity **45**, 73

Prolactin; Breastfeeding; Caesarean section; Cortisol; Oxytocin **45**, 103

Prone sleeping; Sudden infant death (SIDS); Ethnic differences; Smoking; Bed sharing; Breast feeding **45**, 119

Reliability; Neuromotor test; High-risk infant; Development **45**, 191

Sickle cell anemia; Hemoglobinopathies; Neonatal screening; Cost-effectiveness **45**, 257

Small for gestational age; Intrauterine growth retardation; Asymmetric fetal growth; Ultrasound; Fetus **45**, 1

Smoking; Child; Fetus; Growth; Infant; Pregnancy **45**, 245

Smoking; Sudden infant death (SIDS); Ethnic differences; Bed sharing; Prone sleeping; Breast feeding **45**, 119

Standardisation; Phenylalanine; Newborn screening; Bloodspot; Calibrators **45**, 277

Standardization; Thyrotropin (TSH); Newborn screening; Bloodspot **45**, 179

Stereopsis; Visual ability; Perceptual motor ability; Linear acuity; Preterm infant **45**, 73

Stimulus presentation rate; Auditory brainstem response; Infants; Gestational age; Laterality; Gender **45**, 215

Sucking action; Bottle feeding; Chewing type bottle teat; Electromyograph; Development; Masseter muscle **45**, 83

Sudden infant death (SIDS); Ethnic differences; Smoking; Bed sharing; Prone sleeping; Breast feeding **45**, 119

Sudden infant death syndrome; Aboriginal; Case-control study; Multivariate analysis **45**, 235

Thyrotropin (TSH); Newborn screening; Bloodspot; Standardization **45**, 179

Transient evoked otoacoustic emissions (TEOAE); Newborn hearing screening; Hearing screening devices **45**, 171

Ultrasound; Intrauterine growth retardation; Small for gestational age; Asymmetric fetal growth; Fetus **45**, 1

Vision; Long chain polyunsaturated fatty acids (LCPUFAs); Preterm infant; Electrotretinogram **45**, 35

Visual ability; Perceptual motor ability; Stereopsis; Linear acuity; Preterm infant **45**, 73
